

## **FINDTENDERS - ADDITIONAL RESSOURCES**

Information about the following programs that may be relevant for the space ecosystem and other deep tech sectors and that are NOT within the scope of FindTender™ is as follows:

- **European Defence Fund (EDF)**: information about specific calls for proposals and tenders will in principle be available on EDF's [website](#)
- **European Innovation Ecosystems (EIE)**, which supports the European Partnership for Innovative SMEs, the continuation of the Eurostars programs (Eurostars-3): information and details on open calls will in principle be available on [Eureka's website](#)
- **European Organization for the Exploitation of Meteorological Satellites (EUMETSAT)**: applications to respond to calls should be filed via EUMETSAT's invitation to tender (ITT) system [EUMITS](#).

The following additional resources about public procurement are available:

- Information on public procurement and systems: [SIMAP website](#)
- Online forms for public procurement: [eNotices](#)
- Follow-up the production of notices: [Esentool](#)
- [General tendering rules](#)
- [Information for contractors and beneficiaries](#)
- [Data protection in public procurement procedures](#)
- [e-Competence Centre](#)
