PROJECT PRESENTATION

ENTER THE DIRECTORY

Upgraded Space Platform

Q2/2022

Space Platform Directory*

20277 entities, grouped in 22 categories, including:

- ESA Registered Entities
- NASA Vendors
- Links to directories in 22 countries

- 3311 Nanosatellites
- 161 Positioning Satellites
- 291 New Space Constellations
- 4854 Satellites Orbiting Earth
- 16529 Satellite Launches & Launch Attempts

- 1923 Launchers
- 667 Launch Sites

Space Platform Dashboard*

Finance

To find public and private funds, tenders and obtain guidance

Find Funds Find Tenders Guide Public Finance Guide Private Finance Additional Resources Techno Platform

Find Funds

- Public funds of €1.4 trillion total value
- Practical guide re finance >100 pages

Find Tenders

- Calls for proposals & tenders across 135 European authorities

Informed Decision-Making

To find techno, obtain intelligence and monitor media coverage

Find Techno Insights Watch Media Additional Resources Profiles Partners Get Email Platform

Find Techno

- Find technologies and other items across 44 program - see [Link](#)

Watch Media

- Keep a watch on latest news and get notified of results

* Access following registration to the Platform

Who Can Benefit ?

The screenshot displays the Space Platform website interface, which is organized into several key sections:

- Finance:** A section titled "Finance" with the subtitle "To find public and private funds, tenders and obtain guidance". It features buttons for "Find Funds", "Find Tenders", "Guide Public Finance", "Guide Private Finance", and "Additional Resources".
- Networking & Show Case:** A section titled "Networking & Show Case" with the subtitle "To find notable individuals in the space ecosystem, show case and allow business to shine". It includes buttons for "Whos Who", "Profiles", "Blog", and "Additional Resources".
- Jobs, Talents & Support:** A section titled "Jobs, Talents & Support" with the subtitle "To recruit talents, find jobs and support". It features buttons for "Talents & Jobs", "Partners", and "Additional Resources".
- Informed Decision-Making:** A section titled "Informed Decision-Making" with the subtitle "To find techno, obtain intelligence and monitor media coverage". It includes buttons for "Find Techno", "Insights", "Watch Media", and "Additional Resources".

Additionally, a central dashboard titled "SPACE PP" provides a summary of the platform's focus, stating: "The Platform reflects the essence of the space ecosystem's activities, namely ENTITIES launching SATellites into space with LAUNCHERS". This dashboard includes three main categories: ENTITIES (1586), SKILLSETS (2408), and LAUNCHERS (2404), each with a corresponding circular progress indicator. Below this, there is a "WHO WHO" button.

The "Insights" section at the bottom of the dashboard features a "Media" tab and lists various content items, including "December 2020 Newsletter Q4 2020" and "January 2021 newsletter Q1 2021".

Breakthrough apps, useful for many public & private purposes:

- Finding money & guidance
- Calls for tenders & obtaining grants
- Finding jobs, support & talents
- Mapping critical technologies
- Industrial & policy developments
- Supply chain info
- Intelligence, research & analyses
- Networking, partnering & showcase
- Who's Who in Space
- Deals & transactions ...

Next Steps
